COUNCIL ACTION FORM

SUBJECT: 2025/26 SHARED USE PATH MAINTENANCE CONTRACT NO. 1

BACKGROUND:

This project focuses on sealing cracks and joints in asphalt shared use paths that can occur due to expansion and contraction of the path pavements during seasonal temperature extremes. This project will also include a seal coat surface treatment on shared use paths following joint sealing.

Locations are determined using a condition inventory, visual inspection of paths, and input from users. Improvements will enhance safety, usability, and also improve the aesthetics of the path/trail system. **A map and list of locations for this project is attached.**

City staff has completed plans and specifications for this project with estimated costs of \$140,516. There is \$375,000 of Local Option Sales Tax funding allocated to this program in FY 2025/26 in the Capital Improvements Plan. Remaining funding will be utilized for other shared use path maintenance priorities.

ALTERNATIVES:

1. Approve plans and specifications for the 2025/26 Shared Use Maintenance Contract No. 1 project, setting September 17, 2025, as the bid due date and September 23, 2025, as the date for report of bids.
2. Direct staff to make changes to the project.

CITY MANAGER'S RECOMMENDED ACTION:

This project will aid in extending the lifespan of the asphalt paths and enhance the user experience by repairing joints and cracks in the paths. Therefore, it is the recommendation of the City Manager that the City Council adopt Alternative No. 1 as described above.
