### Consider/Discuss/Act on a Proposed Ordinance to Regulate Temporary Video Boards.

**FULL EXPLANATION:** With the upcoming NFL Draft, Village staff has been receiving requests for temporary video boards. Historically, temporary video boards have been used within the Sports & Entertainment District by various establishments for viewing of Packers games and within Ashwaubenon Parks and Titledown for movie nights. The proposed ordinance will provide a regulatory framework within which temporary video boards would be allowed within the Sports & Entertainment (SE), Public Use (P), and Titledown PUD zoning districts as these are the areas that have historically utilized temporary video boards. Having a regulatory framework in place will allow Village staff to enforce the standards should any issues arise.

A formal ordinance will be drafted for Village Board should Public Works & Protection Committee recommend approval.

**MONETARY IMPACT:** N/A

**BUDGETED:** N/A

**RECOMMENDATION:** Recommend approval of the proposed ordinance to regulate temporary video boards.
