

CITY OF BANNING STAFF REPORT

TO: CITY COUNCIL

FROM: Douglas Schulze, City Manager

PREPARED BY: Brandon Smith, Lieutenant
Vincent Avila, Chief of Police

MEETING DATE: December 10, 2024

SUBJECT: Receive and File Corrected Police Statistics for 2024 Year-to-Date

RECOMMENDATION:

Receive and File.

BACKGROUND:

At the October 22, 2024, City Council Meeting it was discovered that there had been a possible error in the Police stats being reported to City Council for approval. City Council asked that the Police stats be reviewed to confirm their accuracy.

JUSTIFICATION:

The Banning City Council discovered what appeared to be errors in the Police statistics being reported to Council. The Banning Police Department reviewed the related stats and it was discovered that a computing error utilizing Microsoft Excel caused an inaccurate reporting of Police stats being filed with City Council. The Banning Police Records Bureau worked with the City of Banning Information Technology Department to address the issues. Police statistics were regenerated after the corrections and are now being presented to council.
