Background/History:

The City Council awards grant funding on an annual basis to various nonprofit organizations via the City's Grant in Support Program. The intent of the Grant in Support Program is to deliver needed community programs, events and services that City staff are not able to provide.

Analysis/Discussion:

During the October 23, 2023 City Council meeting, Council appointed two councilmembers to comprise an ad hoc committee to review grant in support applications and make recommendations to the full City Council on awarding of grant in support funding. Mayor Ellis and Councilmember Kong, along with City staff, met to review all applications received. The City received nine applications for specific projects, of which six were chosen to be recommended to the full City Council. The total amount of funding required to fund these six recommended projects is \$47,100. The City budgeted \$56,000 for grants in support in the 2023-2024 fiscal year budget.

Economic Impacts:

Bishop residents will be provided with programs, events and services that otherwise would not be available. Each grant project is pursued with the intent of increasing the quality of life in the City of Bishop.

Budget Impacts:

The recommended amount of grant awards does not exceed the approved budget amount of \$56,000 in the 2023-2024 fiscal year budget.

Legal Review:

City Attorney Pucci has reviewed this item and finds that the recommended action complies with the law.

Recommended Action:

Council consideration to award grants in support as recommended by the Grant in Support Ad Hoc Committee.
