

City of Boynton Beach Agenda Item Request Form

Meeting Date: 08/ 5/2025

Proposed Resolution No. R25-207- Approving an increase to the annual expenditure from \$90,000 to \$140,000 for Tiresoles of Broward, Inc., d/b/a Elpex Tire, an authorized vendor of The Goodyear Tire and Rubber Company, for the purchase of recap/retread tires for the City's Fleet.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-207.

Explanation of Request: On May 20, 2025, the City Commission approved Resolution No. R25-126, authorizing the issuance of a Purchase Order with Tiresoles of Broward, Inc., d/b/a Elpex Tire, to purchase recap/retread tires with an annual expenditure of \$90,000.

The increase is for the continued spending on recap/retread tires. The authorized increase is necessary to maintain upkeep on the City's Fleet by providing recap tires. Recap tires are a third of the cost of a new tire.

This purchase would be procured under the Piggyback exemption of the procurement code. Piggyback contracts significantly benefit the City of Boynton Beach by providing a cost-effective and efficient way to procure goods and services. By leveraging agreements already in place with other governmental entities, the City can avoid the time-consuming and expensive process of issuing its own competitive bids. This allows quicker access to needed resources while often securing more favorable pricing due to the economies of scale achieved through larger contracts. Additionally, piggybacking ensures the City can tap into pre-vetted vendors who have already been thoroughly evaluated, reducing administrative burdens and risks associated with vendor selection. Ultimately, piggyback contracts streamline procurement, save taxpayer money, and improve the efficiency of City operations.

How will this affect city programs or services? This will enable the purchase of recap/retread tires for the City's Fleet at a significant cost savings.
