

City of Boynton Beach Agenda Item Request Form

Meeting Date: 01/21/2025

Proposed Resolution No. R25-023- Authorize the City to apply for the Site Rehabilitation of Petroleum Contamination & Petroleum Cleanup Participation Program (PCPP) for the cleaning of petroleum contamination and rehabilitation at the Public Works Compound, and if awarded, accept and execute a grant agreement with the Florida Department of Environmental Protection, subject to the approval of the City Attorney.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-023.

Explanation of Request: The Public Works Department is applying for the Site Rehabilitation of Petroleum Contamination & Petroleum Cleanup Participation Program (PCPP), for the cleaning of petroleum contamination and rehabilitation at the Public Works Compound.

The Public Works Compound assessments indicate that remediation is necessary and failure to enter the PCPP Agreement is a failure to comply with the statutory requirements to participate in PCPP.

The project has no cost to the City, as the assigned contractor, American Environmental Engineering of Florida, Inc., has agreed to reduce the cost of the state rate. The estimated project cost is \$125,000.

The program guidelines and application were provided in March 2023 and the application period is due in February 2025.

How will this affect city programs or services? The City of Boynton Beach, committed to well-being and protection of its employees, residents and visitors, finds it imperative to provide safety.

Account Line Item and Description: No account needed, no fiscal impact to the City.

Fiscal Impact: No account needed, no fiscal impact to the City.
