

City of Boynton Beach Agenda Item Request Form

Meeting Date: 04/ 1/2025

Proposed Resolution No. R25-086- Approving a Collocation Agreement between the City and Dish Wireless, LLC, and a Memorandum of Agreement between the City and Dish Wireless, LLC to allow for ground equipment and co-location on the existing telecommunications tower at 1901 N. Seacrest Blvd. with a lease area of 35 square feet.

Requested Action:

Staff recommends approval of Proposed Resolution No. R25-086.

Explanation of Request:

This agenda item presents a proposed collocation lease and memorandum agreement with Dish Wireless, LLC for the co-location of network equipment on the existing telecommunications tower located at 1901 N. Seacrest Blvd. Dish Wireless intends to install antenna equipment on the tower and associated ground equipment within a designated area at the tower's base. This agreement will allow Dish Wireless to enhance its network coverage within the city, while also providing a new revenue stream for the City through lease payments. The tenant's ground lease portion is 35 square feet, with equipment space on the vertical tower. The initial term of the lease is for (5) five years with (4) four (5) year extensions. The annual rent is \$ 7,500, with a 3% increase each year.

How will this affect city programs or services?

The execution of the collocation lease and memorandum agreement with Dish Wireless LLC, will directly benefit city programs and services by generating a new, consistent revenue stream. The annual rent of \$7,500, with a 3% annual increase over the initial five-year term and a potential twenty additional years through extensions, will provide dedicated funds that can be allocated to various city initiatives. This revenue can be utilized to support infrastructure improvements, enhance public safety communications, fund community programs, or offset other municipal expenses. Furthermore, improved cellular coverage throughout the city, resulting from Dish Wireless' network expansion, will indirectly benefit city services by enhancing communication capabilities for residents, businesses, and emergency responders.
