

City of Boynton Beach Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-055- Approve the auction of the vehicles/equipment submitted by the Fleet Maintenance Division for disposal by using the online auctioneer JJ Kane Auctioneers piggybacking Sourcewell RFP 110421.

Requested Action:

Staff recommends approval of Proposed Resolution No. R25-055 .

Explanation of Request:

The Fleet Management & Mobility Division is submitting twenty-five (25) units to be disposed of at auction using the online auctioneer JJ Kane Auctioneers. The proceeds will generate revenue for the Fleet Maintenance Fund. The division has verified that the units are no longer of use and has completed all proper documentation for disposal.

The City is currently piggybacking a contract with J.J Kane LLC through Sourcewell RFP# 110421. This agreement has been effective since July 17th, 2023, and provides the City great monetary value when it comes to re-selling City vehicles.

The City of Boynton Beach effectively saves both time and money by piggybacking contracts in accordance with NIGP (National Institute of Governmental Purchasing) best practices. By leveraging existing contracts awarded by other government entities, the city avoids the time-consuming process of competitive bidding for every purchase, thus streamlining procurement and expediting the delivery of goods and services. This approach not only reduces administrative costs but also ensures access to pre-negotiated, often more favorable pricing, benefiting from the collective bargaining power of larger groups. Adopting NIGP best practices further ensures transparency, compliance, and the effective use of taxpayer funds, while maintaining high standards of procurement efficiency.

How will this affect city programs or services?

The disposal of obsolete, damaged, and surplus vehicles/equipment will eliminate the need to store them and allow the Finance Department to remove them from the City's fixed asset records.

Account Line Item and Description:

Fleet- Sale of Surplus- GL Account 501-0000-365.01-00

Fiscal Impact: The revenue generated from the sale of surplus vehicles/equipment will be placed in the Fleet Management & Mobility Fund and will be used for the future procurement of vehicles/equipment.
