

City of Boynton Beach Agenda Item Request Form

Meeting Date: 06/ 3/2025

Proposed Resolution No. R25-152- Approve a Piggyback Agreement between the City and ParkMobile, LLC for metered parking, software systems, and related products and services in an amount not to exceed \$96,000 for the Agreement term.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-152.

Explanation of Request: The City of Boynton Beach will enter contract with ParkMobile for their parking payment services. The City is proposing a new term contract with ParkMobile to ensure continuity of parking payment services for residents and visitors. This has allowed the city to complete the necessary steps to seek a new piggyback contract with ParkMobile without disrupting the current parking payment system. This new contract will allow the city to maintain its parking payment capabilities for the duration of the contract. The term of this Agreement commences on full execution by the parties and will remain in effect until October 31, 2027.

This purchase would be procured under the Piggyback exemption of the procurement code. Piggyback contracts significantly benefit the City of Boynton Beach by providing a cost-effective and efficient way to procure goods and services. By leveraging agreements already in place with other governmental entities, the City can avoid the time-consuming and expensive process of issuing its own competitive bids. This allows quicker access to needed resources while often securing more favorable pricing due to the economies of scale achieved through larger contracts. Additionally, piggybacking ensures the City can tap into pre-vetted vendors who have already been thoroughly evaluated, reducing administrative burdens and risks associated with vendor selection. Ultimately, piggyback contracts streamline procurement, save taxpayer money, and improve the efficiency of City operations.

How will this affect city programs or services? Having the new piggyback contract will provide continuity of service for citizens.

Budgeted Item: Yes

Account Line Item and Description:

001-2517-545-4917 account number Other contractual services.

Fiscal Impact: This new contract maintains the current parking payment fees and rates (\$2.50) charged to residents and visitors. However, if the new proposed parking rate is adopted it will move to \$3.50 per hour.
