**Explanation of Request:** On July 25, 2024, Procurement received and tabulated four (4) proposals for Road Resurfacing and Pedestrian Crossing Project, with a mandatory pre-bid meeting held on May 22, 2024, to review the project with interested and qualified contractors. The scope of work includes providing all labor, materials, and equipment necessary according to the specifications and paving locations lists for Lake Boynton Estates. It was determined that this award be recommended to Atlantic Southern Paving and Sealcoating, LLC.

In 2019, road scoring was performed, and currently, the roads are approaching a D condition rating. The road condition will continue to deteriorate, increasing the repair costs.

The project will include milling and resurfacing, structural road repairs, milling existing distressed pavement, asphaltic pavement, replacing existing asphalt traffic calming features, all thermoplastic pavement markings, signage, and pavement markings to restore the road to an A-scoring rating.

The repairs are for Lake Boynton Estates, NW 1st Ave, W Ocean Avenue, SW 1st Ct, SW 1st Avenue, West Ocean Drive, SW 1st, 2nd, and 3rd Avenues, and NW/SW 7<sup>th</sup> Street.

**How will this affect city programs or services?** The project will decrease the maintenance costs, beautify the area, and eliminate potential trip hazards.

**Fiscal Impact:**

This is not a budgeted item. Staff recommends transferring funds from the general funding account into the CIP Streets Improvements account.
