

City of Boynton Beach Agenda Item Request Form

Meeting Date: 08/ 5/2025

Proposed Resolution No. R25-204- Award Invitation to Bid No. 25-020RB for Pre-Chlorinated Pipe Bursting of Portable Water Mains to Murphy Pipeline Contractors, LLC as the primary Contractor and Killebrew, Inc., as the secondary Contractor, and approve an Agreement with each awarded Contractor in an amount not to exceed \$10,000,000 for the full term of the contract.

Requested Action:

Staff recommends approval of Proposed Resolution No. R25-204.

Explanation of Request: Contract Term: 2025 through 2027

On April 21, 2025, the Procurement Division, in coordination with the Utilities Department, issued Invitation to Bid No. 25-020RB for Pre-Chlorinated Pipe Bursting of Potable Water Mains. The solicitation was publicly advertised, and upon closing on May 23, 2025, Procurement Services received and tabulated four (4) responsive bid submittals. Following a comprehensive review conducted by the Procurement Division and the Director of the Field Operations Division, it was determined that awarding the contract on a primary and secondary basis would best serve the City's operational needs.

As a result, Murphy Pipeline Contractors, LLC is recommended for award as the Primary Contractor, and Killebrew, Inc., is recommended as the Secondary Contractor for this term contract.

The City seeks a maximum of two qualified contractors who have demonstrated specific experience in pre-chlorinated pipe bursting of utility system water mains. The work will be performed on an "as needed" basis. The City intends to issue individual task orders or purchase orders for each project to establish clear controls and oversight under this contract.

The Scope of Work for Pre-Chlorinated Pipe Bursting shall include, but is not limited to:

1. Pipe Bursting at various Utility locations

2. Connection of existing water services
3. Maintenance of Traffic
4. Site restoration, pavement repairs, resurfacing, and striping
5. All labor, materials, and equipment necessary to complete the City's project(s).

The initial term of the agreement shall be for three (3) years, with two (2) additional one-year renewal options, exercised at the City's discretion.

The total estimated cost of this contract over the potential five-year term is \$10,000,000, with an anticipated annual expenditure of \$2,000,000, subject to budget appropriations and operational needs.

How will this affect city programs or services? The City seeks a maximum of two qualified contractors to demonstrate specific experience in pre-chlorinated pipe bursting of utility system water mains and to establish line-item pricing for Pre-Chlorinated Pipe Bursting Projects.

Budgeted Item: Yes

Account Line Item and Description:

CIP 403 -5000-533-65.02 Project # WT1802 (Water Distribution System Annual R&R).

Fiscal Impact: The total estimated cost of this contract over the potential five-year term is \$10,000,000, with an anticipated annual expenditure of \$2,000,000, subject to budget appropriations and operational needs.
