

City of Boynton Beach Agenda Item Request Form

Meeting Date: 02/ 4/2025

Proposed Resolution No. R25-036- Adopt the City of Boynton Beach Mobility Fee Technical Report with Updated Mobility Plan Projects.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-036.

Explanation of Request:

In 2021, the City adopted a Complete Streets Mobility Plan that established a framework to enhance mobility for people walking, bicycling, riding transit and driving vehicles. The Plan emphasized safety and connectivity on arterial and collector roads, the majority of which are maintained and owned by Palm Beach County and the Florida Department of Transportation (FDOT). The Complete Streets Mobility Plan was also intended to serve as a basis for adoption of a mobility fee as an alternative to transportation concurrency and County road impact fees. On October 24, 2023, the City Commission authorized a study to move forward with development of a mobility fee.

The Mobility Fee Technical Report documents the future growth, the data and methodology used to develop a Mobility Fee to mitigate the impact of new development, and establishment of a benefit district within the City. This Report provides the updated Mobility Plan Projects, which is consisting of separate plans for: (1) Streets; (2) Multimodal Corridors; and (3) Transit.

The updated Mobility Plan Projects serve as the basis to develop the City's Mobility fee and provide a foundation for the City to provide proactively prioritize projects to meet the growth, travel, and mobility needs of the community in a manner that is coordinated with the Future Land Use Element in the City's Comprehensive Plan. The Mobility Plan Projects contains walking and streetscape enhancements, curbless shared streets, roadway improvements, shared-use paths, sidewalks, bike lanes, boardwalks, transit circulators, water taxi service, mobility hubs, and multimodal programs, services, and studies.
