

City of Boynton Beach Agenda Item Request Form

Meeting Date: 08/ 5/2025

Proposed Resolution No. R25-209- Approve Amendment No. 2 to the Piggyback Agreement between the City and Everon, LLC for Facility Technology Integration & Security System Services, increasing the annual expenditure from \$150,000 to \$200,000.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-209.

Explanation of Request: On June 18, 2024, the City Commission approved Resolution No. R24-131, authorizing an annual expenditure of \$150,000 for services related to the City's integrated fire alarm, sprinkler, life safety, and security systems. These services are provided by EverOn LLC, formerly known as ADT Commercial LLC, under OMNIA Partners Contract No. R220701.

The current expenditure for this vendor has exceeded the originally budgeted amount due to an increased number of service calls and unanticipated system deficiencies identified during inspections, preventive maintenance, and emergency responses. These services are critical for ensuring compliance with fire safety codes, protecting City facilities, and safeguarding personnel and the public.

To address this increased need and maintain uninterrupted coverage citywide, staff recommends approval of Amendment No. 2, increasing the annual not-to-exceed amount by \$50,000, for a revised total of \$200,000. Services will continue to be procured through OMNIA Contract No. R220701, which remains active through March 31, 2025, and includes two (2) additional one-year renewal options.

How will this affect city programs or services? Ensures continued compliance with fire safety regulations across municipal facilities, preventing service disruptions, liability risks, and potential closures. Reliable fire monitoring and life safety systems are essential to maintaining safe, uninterrupted operations in critical public buildings citywide.

Budgeted Item: Yes

Fiscal Impact: This is a budgeted item.
