

City of Boynton Beach Agenda Item Request Form

Meeting Date: 03/23/2026

Proposed Resolution No. R26-045- Authorizing the acceptance of ownership of the Solar Canopy System at Barrier Free Park from Florida Power & Light Company and approving the termination of the Solar Lease and Easement Agreement; Authorizing the Mayor or City Manager to execute the necessary documents.

Requested Action: Staff recommends approval of Proposed Resolution No. R26-045.

Explanation of Request: Florida Power & Light Company (FPL) installed solar canopy infrastructure at Barrier Free Park under a Solar Lease and Easement Agreement executed in 2017. FPL has agreed to transfer ownership of the solar canopy system and associated equipment to the City of Boynton Beach through a Quit Claim Bill of Sale.

As part of this action, the parties will also execute a Notice of Termination of the Solar Lease and Easement Agreement recorded in the Public Records of Palm Beach County.

Approval of this item will allow the City to accept ownership of the solar canopy infrastructure and authorize the Mayor, or alternatively the City Manager, to execute the necessary documents to complete the transfer and terminate the agreement.

How will this affect city programs or services? The transfer of ownership will allow the City to retain the existing solar canopy infrastructure and potentially benefit from the electricity generated by the system.

Account Line Item and Description: N/A

Fiscal Impact: No direct fiscal impact.
