

City of Boynton Beach Agenda Item Request Form

Meeting Date: 07/15/2025

Proposed Resolution No. R25-192- Approve the purchase of a subscription to ArcGIS Hub Premium and ArcGIS Online Community platform, along with supplemental GIS tools, to support the City's Adopt-A-Road program from Environmental Systems Research Institute (ESRI) in an amount not to exceed \$200,000.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-192.

Explanation of Request: The Innovation Technology Solutions Department requests approval to add a subscription to Esri's ArcGIS Hub Premium and ArcGIS Online Community platform, along with supplemental GIS tools, to support the City's Adopt-A-Road program. These services allow residents and organizations to adopt road segments, report cleanup activity, and engage with public maps and data. The current agreement ends in October.

This purchase will be procured under the single-source exemption through exclusion 11. Purchase of information technology software applications and equipment directly from the manufacturer, developer, or producer of the product or service, including annual licenses, maintenance, support, and upgrades to existing information technology software, hardware, or firmware. This includes subscription-based software fees that are unique or preexisting and contain historical knowledge that cannot be easily or without cost moved to another software application. The City must continue with this software in order to move forward with normal operations.

How will this affect city programs or services? This subscription will significantly enhance the City's Adopt-A-Road program by providing a public-facing map interface, mobile capabilities for field crews, and streamlined data collection and reporting processes. It supports transparency, accountability, and public engagement.

Budgeted Item: Yes

Account Line Item and Description:

ITS Operating Budget – GIS Software Services and subscriptions.

Public Works Operating Budget – ArcGIS Hub Premium and support.

Fiscal Impact:

Funding is available in the current fiscal year budget and will be included in subsequent budgets.

Not to exceed the total amount of \$200,000.
