Requested Action:

Staff recommends approval of Proposed Resolution No. R25-089.

Explanation of Request:

The Firehouse Subs Public Safety Foundation mission is to impact the lifesaving capabilities, and the lives, of local heroes and their communities. The Firehouse Subs Public Safety Foundation has awarded millions of dollars of lifesaving equipment and resources to fire, police and public safety organizations across the country. The Firehouse Subs Public Safety Foundation Grant would help fund the purchase of a new UTV EMS vehicle, replacing our current one, which has been in service for over 10 years. The UTV will enhance community safety by providing rapid emergency response during city events, large crowd gatherings, and community risk reduction efforts. Its mobility allows emergency personnel to navigate congested areas, quickly reach individuals in need, and provide medical assistance before larger units arrive.

The City is submitting an application for funding that provides first responders with lifesaving equipment. The requested grant funding for the project is up to **\$45,000** with no local match. The grant portal opens on Thursday, April 3, 2025 and the application deadline is April 4, 2025.

How will this affect city programs or services?

The City of Boynton Beach, committed to the health and well-being of its residents, finds it imperative to provide the residents with safety and timely emergency response.
