

City of Boynton Beach Agenda Item Request Form

Meeting Date: 03/18/2025

Proposed Resolution No. R25-073- Approve a Piggyback Agreement between the City and Cellco Partnership dba Verizon Wireless for City-wide Mobile Communications Services and high-speed wireless data services in an amount not to exceed \$630,000 per year, utilizing the State of Florida Contract with Verizon Wireless (Contract No. DMS-19/20-006C). This amount includes all departments and divisions within the City that currently use Verizon Wireless.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-073.

Explanation of Request:

The City is requesting the approval to piggyback the State of Florida Contract No. DMS-19/20-006C and the approval for an expenditure of \$630,000 per year allocated for cellular, data services, and mobile data management (MDM). As the demand for technology is increasing, more city employees need access to information and communication remotely and in the field. City employees are utilizing an increasing amount of mobile and MiFi (portable Wi-Fi) devices, necessitating additional Verizon Wireless services.

The City of Boynton Beach utilizes the high-speed wireless broadband network provided by Verizon for mobile and remote data access. This network allows wireless secure-encrypted access to data stored on main computers while City employees are working in the field by using air cards, cellphones and laptop computers.

How will this affect city programs or services? This will ensure City employees will have access to internal and external cellular resources to perform their duties in the field. It will also provide connectivity to some of the remote security cameras that are in the City.

Budgeted Item: Yes

Account Line Item and Description: Police Department: 103-2110-521-41-15 Cellular Phone/Beeper - \$161,000.
