

City of Boynton Beach Agenda Item Request Form

Meeting Date: 05/19/2026

Proposed Resolution No. R26-083- Approve and authorize the Police Department to apply for the Fiscal Year 2025 Presidential Residence Protection Assistance (PRPA) Grant Program, and if awarded, authorize the City to accept the grant and authorize the Mayor to sign all documents associated with the grant, subject to review by the City Attorney's Office.

Requested Action:

Staff recommends approval of Proposed Resolution No. R26-083.

Explanation of Request:

The Police Department is seeking reimbursement for overtime expenses incurred from July 1, 2024, through September 30, 2025, under the Fiscal Year 2025 Presidential Residence Protection Assistance (PRPA) Grant Program, administered by the U.S. Department of Homeland Security, Federal Emergency Management Agency (FEMA). If awarded, the grant will reimburse eligible law enforcement operational overtime costs associated with United States Secret Service-directed protection activities for designated non-governmental residences of the President.

The PRPA Grant Program is specifically intended to reimburse state and local law enforcement agencies for overtime expenses related to presidential residence security operations. Eligible activities include, but are not limited to, perimeter security, traffic control, motorcade support, roadway closures, and other mission-specific duties as directed by the U.S. Secret Service. Funding under this program is strictly limited to reimbursement of approved personnel overtime costs and does not include equipment, capital expenditures, or other non-personnel costs.

How will this affect city programs or services?

If awarded, this grant will provide full reimbursement for eligible overtime costs incurred by the Police Department without requiring a local match or use of City General Fund resources. This will ensure that City public safety services are not financially impacted by participation in

federally directed presidential protection activities.

The grant will support continued coordination with federal partners while allowing the Police Department to maintain normal staffing levels and core public safety operations without diversion of existing resources. There is no anticipated reduction or disruption to City programs or services. Instead, the funding will offset extraordinary personnel costs associated with federally requested security operations, thereby preserving City resources and operational capacity.

Account Line Item and Description: A grant account will be created, if awarded.

Fiscal Impact: If awarded, the City will be reimbursed \$24,816.44 in overtime costs incurred for mutual aid assistance for the Presidential escorts.
