

City of Boynton Beach Agenda Item Request Form

Meeting Date: 02/17/2026

Proposed Resolution No. R26-024- Approving the First Amendment to the Interlocal Agreement for the Public Safety Radio System between the City and Palm Beach County.

Requested Action: Staff recommends approval of Proposed Resolution No. R26-024

Explanation of Request:

The Interlocal Agreement between Palm Beach County and the City's Police Department establishes a collaborative framework for sharing radio channels and utilizing mutual radio infrastructure to enhance public safety communications. This arrangement ensures seamless interoperability between agencies during routine operations and emergency incidents, improving coordination and response times.

The First Amendment renews the agreement retroactively for a five-year term (November 17, 2025 – November 16, 2030) and maintains core provisions, including the City's responsibility to maintain its own interfacing equipment and pay its pro rata share of annual operations and maintenance costs.

The County will continue managing system-wide infrastructure. The termination provision allows the City to terminate with 60 days' notice and the County only for default. Renewal options permit two additional five-year terms with mutual approval, ensuring a long-term, cost-effective, and legally compliant mechanism for interoperable public safety communications.

How will this affect city programs or services? This allows allows redundancy for public safety radio.

Account Line Item and Description: N/A

Fiscal Impact: N/A
