

City of Boynton Beach Agenda Item Request Form

Meeting Date: 04/ 7/2026

Proposed Resolution No. R26-053- Approve and authorize the Mayor to sign the Second Amendment to the Grant Agreement I0124 from the federally funded Community Development Block Grant Mitigation Program (CDBG-MIT) offered by the Florida Department of Commerce for the City of Boynton Beach's Fire Rescue Station No. 2 Project.

Requested Action:

Staff recommends the approval of Proposed Resolution No. R26-053.

Explanation of Request:

In April 2018, the U.S. Department of Housing and Urban Development (HUD) announced the State of Florida, Department of Commerce (Commerce) would receive \$633,485,000 in funding to support long-term mitigation efforts following declared disasters in 2016 and 2017 through HUD's Community Development Block Grant Mitigation (CDBG-MIT) program. Awards were distributed on a competitive basis, targeting HUD-designated Most Impacted and Distressed (MID) Areas, primarily addressing the Benefits to Low to Moderate Income (LMI) National Objective. Projects eligible for funding under this program must harden critical buildings serving public safety purposes for local communities.

The City of Boynton Beach, Florida, was awarded \$571,611.00 in CDBG-MIT (Community Development Block Grant – Mitigation) under the Critical Facility Hardening Program to harden the City of Boynton Beach's Fire Rescue Station No. 2 for activities to mitigate wind damage. The grant agreement was signed by the Mayor on November 29th, 2021, which approved and authorized its execution. The Second Amendment will extend the grant until December 7, 2026, and update the scope of work. Staff is requesting that the City Commission approve the amendment and authorize the Mayor to execute all future documents associated with the grant that do not increase the City's financial obligations.

How will this affect city programs or services?

The City of Boynton Beach, committed to the well-being and protection of its residents, finds it imperative to strengthen its public safety infrastructure.
