

City of Boynton Beach Agenda Item Request Form

Meeting Date: 07/15/2025

Proposed Resolution No. R25-181- Approve a resolution to award a Piggyback Agreement between the City and Armor Courts, LLC for furnishing and installation of acrylic coatings for outdoor sports surfaces for an annual expenditure of \$60,000.

Requested Action:

Staff recommends approval of Proposed Resolution No. R25-181.

Explanation of Request: As part of the City of Boynton Beach's ongoing commitment to enhancing public recreational spaces and promoting active, healthy lifestyles, the City has identified a need to rehabilitate and resurface various athletic courts at City parks. These improvements are essential to maintain safety, improve aesthetics, and ensure high-quality recreational experiences for residents.

Armor Courts, LLC is a qualified and licensed contractor with extensive experience in the resurfacing and rehabilitation of recreational courts, including tennis, basketball, and pickleball courts. The company has successfully completed similar projects for municipalities across South Florida and is known for its quality workmanship and durable materials.

The City proposes to engage Armor Courts, LLC to complete resurfacing and repairs at designated facilities, including [insert park names or locations if known]. Services will include surface repairs, color coating, striping, and any necessary accessory replacements. This work will be performed in accordance with the attached scope of work and proposal.

The Parks & Grounds Division is requesting approval to piggyback the School District of Palm Beach County contract no. 23C-5L with Armor Courts LLC for furnishing and installation of acrylic coatings for outdoor surfaces with an annual expenditure of \$60,000 for the contract term, which expires October 17, 2027.

By leveraging agreements already in place with other governmental entities, the City can avoid the time-consuming and expensive process of issuing its own competitive bids. This allows quicker access to needed resources while often securing more favorable pricing due to the economies of scale achieved through larger contracts. Additionally, piggybacking ensures the City can tap into pre-vetted vendors who have already been thoroughly evaluated, reducing administrative burdens and risks associated with vendor selection. Ultimately, piggyback

contracts streamline procurement, save taxpayer money, and improve the efficiency of City operations.

How will this affect city programs or services?

This will allow the City to secure services, have timely maintenance and resurfacing of city tennis courts, helping to prevent delays and ensure continued quality and availability of recreational facilities.

Budgeted Item: Yes

Account Line Item and Description:

Other Contractual Services 001-2730-572-49-17

Fiscal Impact:

This is a budgeted item.
