Meeting Date: 05/14/2025

Art in Public Places Code Amendment - Update

Requested Action: N/A

Explanation of Request: Staff would like to update the Board on the recent progress of the Art in Public Places code amendment. Planning and Zoning staff presented the proposed amendment to the City Commission on April 15, 2025, for first reading. This amendment was developed in response to input from the Board as part of a broader effort to streamline the Art in Public Places program and expand the allowable use of the Public Art Budget to include public space beautification. The primary goal of the amendment is to enhance the program's ability to deliver more substantial public benefits and to better align with current development processes and standards. It also includes several clean-up revisions to improve clarity and effectiveness within the existing code. Staff would like to present the Board with a summary of the proposed amendments.

How will this affect city programs or services? N/A

Account Line Item and Description: N/A

Fiscal Impact: N/A
