

City of Boynton Beach Agenda Item Request Form

Meeting Date: 08/19/2025

Proposed Resolution No. R25-226- Approve an Agreement with Waste Management Inc. of Florida for Recycling Materials, with an Annual Expenditure not to exceed \$490,000.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-226.

Explanation of Request: The current Interlocal Agreement with Waste Management for the disposal of construction and demolition waste is set to expire on September 15, 2025, and has no remaining renewal options. To ensure continuity of services, the City has negotiated a new agreement with Waste Management Inc. of Florida for processing and disposal at the WMIF Lantana Facility.

The facility is fully permitted and licensed by the Solid Waste Authority of Palm Beach County and processes materials using advanced recycling technology. This agreement supports the City's recycling goals and compliance with applicable environmental regulations, while ensuring the efficient and compliant disposal of materials generated through City operations and projects.

This agreement is being procured through an existing Interlocal Agreement (ILA). The ILA, entered into pursuant to section 163.01, Florida Statutes, allows governmental entities to collaborate and leverage shared services to increase efficiency and reduce costs. By utilizing this pre-established agreement, the City is able to streamline the procurement process while ensuring compliance with applicable laws and policies. This method also promotes continuity of service with a proven vendor, eliminates the need for a new solicitation, and supports intergovernmental cooperation in achieving operational goals.

How will this affect city programs or services? Execution of this agreement ensures the City can continue to provide uninterrupted processing and disposal of construction, demolition, and yard waste, maintaining operational efficiency and meeting environmental compliance standards.

Budgeted Item: Yes

Account Line Item and Description: 431-2515-534-34-62 – Solid Waste Disposal & Recycling Services.

Fiscal Impact: This is a budgeted item.
