

City of Boynton Beach Agenda Item Request Form

Meeting Date: 06/ 3/2025

Proposed Resolution No. R25-146- Approve a Purchase Order to Atlantic Southern Paving and Sealcoating in the amount of \$411,846.40 for Task 225 for Chapel Hill Resurfacing Project in the amount of \$411,846.40, plus a 10% contingency of \$41,184.64, for a total not to exceed \$453,031.04.

Proposed Resolution No. R25-147- Approve a budget amendment amending CIP 302 Fund, increasing the budget from \$20,928,725 to \$21,381,756, utilizing \$453,031.04 of the fund balance.

Requested Action: Staff recommends approval of Proposed Resolution No. R25-146 and Proposed Resolution No. R25-147.

Explanation of Request: At the March 18, 2025, City Commission Meeting, the Commission reviewed and approved the FY2025 Paving Plan. Among the approved tasks was the resurfacing of Chapel Hill.

The Public Works Department is requesting approval to move forward with this project and award a Purchase Order to Atlantic Southern Paving and Sealcoating in the amount of \$411,846.40. Additionally, a 10% contingency of \$41,184.64 is requested, bringing the total project cost to an amount not to exceed \$453,031.04. Funding for this project will come from a budget amendment to the CIP 302 Fund, increasing the fund's total from \$20,928,725 to \$21,381,756 by utilizing \$453,031.04 of the existing fund balance.

Resurfacing is required due to the deterioration of the existing micro-surfacing pavement treatment. Micro-surfacing is a thin riding surface layer, approximately ¼ inch thick, designed to extend pavement life by up to five years. However, the current treatment is estimated to be approximately eight years old. The layer is now breaking apart, resulting in loose aggregate that poses hazards for pedestrians and bicyclists. Additionally, the riding surface for motor vehicles is in poor to failing condition. A full-depth resurfacing project is necessary to restore the roadway to safe and serviceable standards.

How will this affect city programs or services? This resurfacing project will significantly improve roadway conditions in the Chapel Hill area, reinforcing the City's commitment to infrastructure maintenance and public safety. The project is not expected to negatively impact any other city programs or services. It will provide enhanced benefits to pedestrians, cyclists, and motorists who travel these roads daily.

Account Line Item and Description: 302-4905-541.63-08- Task 225- Chapel Hill Resurfacing- TR25XX

Fiscal Impact: A Budget Amendment to Fund 302 is required.
