

Memorandum

REPORT TO: City Commission

FROM: David Arnado - Facilities Superintendent
Max Ziegler - Facilities Assistant Superintendent

SUBJECT: Authorize the City Manager to sign a Percent for Art Agreement with Drift Murals for Swim Center Exterior Mural

MEETING DATE: February 4, 2025

AGENDA ITEM TYPE: Agreement - Vendor/Contract

RECOMMENDATION: Authorize the City Manager to sign a Percent for Art Agreement with Drift Murals for Swim Center Exterior Mural

STRATEGIC PLAN: 5.2 Support for Public Art: Encourage and support partnerships for public art and other arts and cultural initiatives in the city.

BACKGROUND: On November 10, 2020, the Bozeman City Commission adopted Ordinance No. 2056, an ordinance of the City Commission of the City of Bozeman, Montana establishing a percent for art program. This ordinance was passed in support of the Bozeman Strategic Plan section 5.2 - Support for Public Art, which called for the creation of a municipal percent for arts program. Percent for Art programs have been widely adopted by governments to support the public arts, requiring the inclusion of art in publicly funded construction projects by setting aside 1% of the construction budget for the purchase and installation of art.

The renovation of the Swim Center is the third project eligible for the Percent for Art program since it was adopted, and from the start architectural plans were designed to include and prominently display public art. For this project it was determined that an outdoor segmented mural would be most appropriate for this site, and mounting locations for the art were incorporated into the design of the façade.

To assist the City in establishing the processes and procedures for enacting the Percent for Art Program, it was decided to contract a professional art consultant. NINE dot ARTS was selected through a competitive public RFQ process, and worked with the Swim Center project team to identify the goals, typology and intents for the art installation. After working with the team to distill a description of the desired art, NINE dot ARTS published a Request for Qualifications which was distributed publicly and throughout the local community.

The RFQ responses were scored based on the established project criteria, and the top submitting artists were asked to provide a proposal for murals. The proposals were evaluated by the project's art selection committee, and the submission by Drift Murals was selected as being the most appropriate mural for the location.

UNRESOLVED ISSUES: None at this time.

ALTERNATIVES: As suggested by City Commission.

FISCAL EFFECTS: This Percent for Art Agreement will incur a fixed cost of \$12,200 to be paid from the Swim Center Renovation project fund.
