

# Memorandum

**REPORT TO:** City Commission

**FROM:** Bob Murray, Project Engineer  
Nicholas Ross, Director of Transportation and Engineering

**SUBJECT:** Authorize the City Manager to Sign a Notice of Award for the Bridger Creek Flood and Erosion Control Project to Sacred Lands Restoration, LLC DBA: Arrow Restoration and Construction for the Lump Sum Base Bid in the Amount of \$43,597.00 and Final Contract Documents Once Received

**MEETING DATE:** March 25, 2025

**AGENDA ITEM TYPE:** Agreement - Vendor/Contract

**RECOMMENDATION:** Authorize the City Manager to sign the Notice of Award for the Bridger Creek Flood and Erosion Control project to Sacred Lands Restoration, LLC DBA: Arrow Restoration and Construction for the Lump Sum Base Bid in the amount of \$43,597.00 and final contract documents once received.

**STRATEGIC PLAN:** 4.3 Strategic Infrastructure Choices: Prioritize long-term investment and maintenance for existing and new infrastructure.

**BACKGROUND:** Attached is a copy of the Notice of Award for the above referenced project. In recent years, beaver dams created a large impoundment on Bridger Creek adjacent to Boylan Road in the Legends II Subdivision. During high water events, this caused the creek to overtop in places it traditionally had not, which in turn resulted in water discharging onto Boylan Road. There is also an oxbow in a side channel of the stream with a severely eroding bank that is migrating towards Boylan Road. The purpose of this project is to protect the integrity of Boylan Road and eliminate the minor flooding that occurs during high water events. The project includes construction of a buried rock wall to stop erosion from impacting Boylan Road and construction of a small berm to address the minor flooding.

Bids for the above-referenced project were opened on March 11, 2025, with 4 bids being received. The low bid was submitted by Sacred Lands Restoration LLC DBA: Arrow Restoration and Construction in the amount of \$43,597.00. The engineer's estimate was \$44,300.00. The Notice of Award and Bid Tabulation are attached.

**UNRESOLVED ISSUES:** None

**ALTERNATIVES:** As suggested by the Commission.

**FISCAL EFFECTS:**

This project will be paid from the Street Maintenance Fund. It was included in the FY22 and FY23 approved budget at \$50,000 each year. The engineering design fees were \$54,121 leaving \$45,879 remaining for the construction.
