SUBJECT: Unified Development Code (UDC) Update Supplemental Engagement Phase 2 Report and Next Steps (Work Session)

MEETING DATE: May 20, 2025

AGENDA ITEM TYPE: Plan/Report/Study

RECOMMENDATION: Consider comment and data supporting possible modifications to the draft Unified Development Code.

STRATEGIC PLAN: 1.2 Community Engagement: Broaden and deepen engagement of the community in city government, innovating methods for inviting input from the community and stakeholders.

BACKGROUND: The Unified Development Code (UDC) update has reached another milestone by completing Phase I and II of the Supplemental Engagement Plan [[External PDF Link](#)]. Final reports and summaries of the public engagement are linked in the attached memo to the Commission. The purpose of the supplemental engagement was to reach new members of the public who have had not previously participated in this planning effort, and to identify areas of concern in the draft UDC for further discussion.

The presentation and discussion will review activities and findings from Phase I and Phase 2 of the supplemental engagement, provide an overview of what we heard during these events, and discuss how this input is being used to inform the ongoing project.

Secondly, staff will provide an introduction of topics identified through the supplemental engagement to be discussed at the City Commission work session scheduled for June 24, 2025.

UNRESOLVED ISSUES: As determined by the Commission.

ALTERNATIVES: None.

FISCAL EFFECTS: The scope of work for the UDC update was established in 2022 and additional funds may be required if the scope or additional engagement beyond the current plan is employed.
