SUMMARY

PROJECT DESCRIPTION:

Per Resolution No. 77-25, Council to accept a Petition for Formation of a Street Light Improvement District (SLID) for the TWC Buckeye Canopy project; declare the intention to form a SLID; designate such District as "City of Buckeye Street Light Improvement District No. SLID-2025-009"; provide for the annual levy of taxes or assessments equally apportioned upon all of the non-public property owners within the District to purchase energy for the lighting of public streets and parks within and adjacent to the District; and order recording and filing of this Resolution.

BENEFITS:

Both Street Lighting Improvement Districts (SLIDs) and Maintenance Improvement Districts (MIDs) provide for the benefit of ensuring that there is a balance of revenue and expenditures to provide for the quality of life for the residents/owners of a particular development without an undue burden upon the existing community. SLIDs ensure that only owners that benefit from the lighting in their community pay for that service. Having the costs of street lighting within a SLID borne by the owners in a development ensures that the revenue needed to fund these costs is always in place.

FUTURE ACTION:

A Resolution creating the City of Buckeye Street Light Improvement District No. SLID-2025-006 follows on the current agenda. A budget and further Council action will take place at the beginning of the next fiscal year to implement this District.
