ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
 Council to take action on Delivery Order No. 1 to the Job Order Contract (JOC No. 2025090) between the City of Buckeye, an Arizona municipal corporation, and Haydon Companies, LLC, an Arizona limited liability company, related to Miller Road – Interim Improvements; approving the creation of CIP No. 20250382 and its inclusion in the City’s Five-Year Capital Improvement Program; and authorize the City Manager to execute and deliver said Delivery Order on behalf of the City of Buckeye.

SUMMARY

PROJECT DESCRIPTION:

Miller Road currently has limited travel lanes in each direction, with occasional widening for turn lanes into developments. Due to the high-density development in the area and resulting traffic demands, interim roadway improvements are needed until the ultimate buildout occurs through future CIP projects. Under JOC No. 2025090 for CIP No. 20250382 – Miller Road Interim Improvements, the contractor will add additional pavement and restripe Miller Road to an interim 4- to 5-lane configuration between Lower Buckeye Road and Southern Avenue, with enhancements to improve current traffic flow and safety.

BENEFITS:

This project will provide multiple safety and economic benefits to the City’s infrastructure. Adding lanes will improve traffic flow, reduce congestion, and decrease the likelihood of rear-end collisions. Dedicated turn lanes and improved lane markings will enhance intersection safety and mitigate hazards, while clearer signage and improved visibility will further protect all road users. Implementing the interim 4- to 5-lane configuration will also prepare the corridor for future growth by safely accommodating increased traffic volumes until the ultimate buildout occurs through future CIP projects.

FUTURE ACTION:

Completion and delivery of the proper interim Roadway Improvements on Miller Road, Lower Buckeye Road to Southern Avenue.
