**ACTION/MOTION:** (This language identifies the formal motion to be made by the Council)  
 Council to take action to ratify and approve the submission of a Grant Application in the amount of \$491,003, with a City of Buckeye match in the amount of \$27,683, for the Federal Fiscal Year 2026 Closeout Funding Grant opportunity through the Maricopa Association of Governments to support the Miller Road-Monroe Avenue Intelligent Transportation System Capital Improvement Program: Project Number 101760; and authorize and direct the Mayor, City Manager, City Attorney, and City Clerk to carry out the purpose and intent of said Grant Application.

---

**SUMMARY**

---

**PROJECT DESCRIPTION:**

The City of Buckeye seeks to improve roadway safety within Buckeye through a grant application, which requests funding to support the installation of a conduit duct bank on the west side of Miller Road between Monroe Avenue and Lower Buckeye Road, where conduit does not currently exist (Capital Improvement Program: Project Number 101760). The project also supports the installation of splice vaults every half mile with a single-mode fiber optic cable running to the traffic signal controller. The project has an updated construction cost, which is approximately \$519,000.00 over the original Capital Improvement Program-funded estimate. If awarded, this grant will relieve the City of Buckeye from the need to identify additional funding to cover increased construction costs.

**BENEFITS:**

The Capital Improvement Program: Project Number 101760 supports the Miller Road-Monroe Avenue Intelligent Transportation System, which includes the installation of conduits, splice vaults, and fiber optic cables. The installation of these elements will improve transportation mobility, safety, and efficiency along Miller Road, positioning the corridor for future development. If awarded, the grant will fund \$491,003 towards this project and relieve the City of Buckeye from the need to identify additional funding sources to cover increased construction costs.

**FUTURE ACTION:**

If awarded, the award agreement will be presented to Council for approval. After the grant funding has been exhausted, any other costs associated with this project will need to be funded by the City of Buckeye, unless other potential grant funding opportunities arise. Additionally, any required future maintenance will be funded by the City of Buckeye.

**FINANCIAL IMPACT STATEMENT:**

The Grant request amount is \$491,003.00 with a City of Buckeye matching requirement of \$27,683. The total project cost is \$518,686.

**CURRENT FISCAL YEAR TOTAL COST:**

If awarded, the current fiscal year cost is \$518,686, of which \$491,003 will be reimbursed by MAG Grant funds.

---

**BUDGETED:**

Yes

---

**FISCAL YEAR:**

2026 (possibly 2027 depending on when the grant is awarded)

---

**FUND/DEPARTMENT:**

35421104

---

**Items related to a project or facility location must include an attached vicinity map for Council Review.**
