ACTION/MOTION: (This language identifies the formal motion to be made by the Council)
 Council to take action on the Memorandum of Understanding (MOU) between the City of Buckeye, an Arizona municipal corporation, and the White Tank Mountains Conservancy, an Arizona non-profit corporation, for Fiscal Year 2025-2026; and authorizing the Mayor to execute and deliver said MOU on behalf of the City of Buckeye.

SUMMARY

PROJECT DESCRIPTION:

The White Tank Mountains Conservancy, a 501c3 tax exempt organization, has worked alongside the City for several years since becoming a non-profit in 2015. The Conservancy's mission to inspire all to conserve and enjoy the natural and cultural resources of the White Tank Mountains compliments the City's Skyline Regional Park located in the southern half of the mountain range. The MOU formalizes the partnership with the City and helps accomplish common goals for the long-term protection and preservation of the White Tank Mountains. This MOU covers activities during FY25-26. As part of the deliverables under the scope of services, the Conservancy will provide research and education, advocacy, and volunteer support to Skyline Regional Park. Volunteers will monitor trails and pick up trash in the park and alert City staff to any issues. The volunteers will also provide support for City-offered interpretive programs and events, such as Stargazing programs and nature-based hikes, and will map and monitor invasive species, such as buffelgrass in Skyline Regional Park. The Conservancy will coordinate at least two field trips to Skyline Regional Park that will be targeted to Buckeye youth to educate them on the resources found in the Park. As part of the scope of services, the White Tank Mountains Conservancy provides an annual report to the City highlighting their accomplishments, of which the FY25 report is provided.

BENEFITS:

The White Tank Mountains Conservancy has been a valued partner with the City since its formation in 2015. The Conservancy is well-positioned to provide the scope of services through its strategic partnerships and volunteer base that will help promote and protect the White Tank mountain range for future generations to enjoy. The Conservancy has also been a key partner in wildlife connectivity initiatives to ensure the mountain range remains connected to other large-scale habitat blocks, such as the Hassayampa River.

FUTURE ACTION:

The MOU is for a one-year period for FY25-26, from July 1, 2025 through June 30, 2026. The MOU approved by Council for FY25 contemplated two additional renewal terms of which this would be the first of two. City staff will work with the Conservancy to prepare another MOU for FY26-27 that will outline the scope of services and deliverables to be provided to the City from the Conservancy.

FINANCIAL IMPACT STATEMENT:

The City will provide compensation to the Conservancy in the amount of \$20,000 as detailed in the agreement. The \$20,000 will be paid in a single payment to the Conservancy upon Council's approval of the MOU renewal after July 1, 2025.
