SUMMARY

PROJECT DESCRIPTION:

The existing agreement allows the State to terminate the Agreement for convenience. By entering into the Amendment # 1, certain reimbursement requests will still be reviewed for approval and payment, and the remaining amounts may be redeployed by the Governor's Office. The Governor's Office has approved payment of reimbursement requests totaling approximately \$169,741.25 in eligible project costs. The City is requesting approval for the reimbursement of additional costs, up to \$267,346.25.

BENEFITS:

Approval of the amendment allows the City to receive reimbursement for eligible project costs incurred to date while providing an orderly administrative closeout of the grant agreement. The amendment supports timely reimbursement of City expenditures, and allows the Governor's Office to efficiently redeploy the remaining ARPA funds.

FUTURE ACTION:

Staff will continue coordinating with the State to process reimbursement for eligible project costs submitted to date.

FINANCIAL IMPACT STATEMENT:

The original agreement allowed for the reimbursement of up to \$12,000,000 of eligible project costs. The City will be pausing construction of the associated infrastructure at this time. Approval of the amendment will allow the City to receive reimbursement for eligible project costs submitted to date, up to \$267,346.25, subject to final verification.
