DEPARTMENT: Community Services	AGENDA ITEM TYPE: Consent Agenda Items / New Business

ACTION/MOTION: (This language identifies the formal motion to be made by the Voting Members) Planning and Zoning Commission to make a motion to recommend approval of the Parks and Recreation Master Plan to Buckeye City Council

SUMMARY

PROJECT DESCRIPTION:

In January 2024, the City kicked off the process to update the Parks and Recreation Master Plan, which was last adopted by Council in 2016. Since beginning the process, the consultant Kimley-Horn and Associates conducted a robust public input and engagement process to ensure the plan reflected the needs of Buckeye residents and stakeholders. The public input process included a variety of methods, including attending city special events, issuing both statistically valid and non-statistically valid surveys, holding focus group and stakeholder meetings, and two rounds of public meetings with the first round in spring 2024 followed by the second round in fall 2024. The input received shaped the plan's recommendations that will provide the vision and framework for how the City grows parks and recreation facilities and programs over the next ten years and beyond.

The plan's themes and overarching goals were presented to the Planning & Zoning Commission on September 10, 2024 and to Buckeye City Council on September 17, 2024. The draft plan and executive summary were both submitted to Commissioners for their review and feedback in early April 2025.

The Community Services Advisory Board made a motion to recommend approval to Buckeye City Council on May 7, 2025.

BENEFITS:

The Parks and Recreation Master Plan provides the blueprint for the growth and expansion of the parks and recreation system, which includes such parks as Skyline Regional Park, Sundance Park, and Earl Edgar Park along with three recreation facilities and the aquatic center in downtown Buckeye. These parks and facilities enhance the quality of life for Buckeye residents. The Parks and Recreation Master Plan forecasts the growth in population and the associated need for additional parks and recreation facilities and programs.

FUTURE ACTION:

The Community Services Advisory Board made a motion to recommend approval to Buckeye City Council on May 7, 2025 and we are seeking a similar motion from the Planning and Zoning Commission this evening. The Master Plan will be presented to Council during a workshop on May 20, 2025 with Council to consider approving the plan on June 3, 2025. After approval, the Community Services

Department will begin working on the strategic implementation items recommended in the plan. In addition, the Development Services Department will use the standards and guidelines included in the plan when reviewing development proposals.

FINANCIAL IMPACT STATEMENT:

None

CURRENT FISCAL YEAR TOTAL COST:

None

Items related to a project or facility location must include an attached vicinity map for Council Review.
