SUMMARY

PROJECT DESCRIPTION:

Acceptance of MAG PM-10 Street Sweeper Grant and purchase of a new street sweeper utilizing grant funds and a city match.

BENEFITS:

The street sweeper will support Buckeye Public Works' Street Sweeping program by adding a new PM-10 Certified Street Sweeper to the seven current street sweepers replacing a 2017 vehicle that will be retained as a backup sweeper. Public Works has spent \$99,030.34 as of 9/24/2025 for labor, parts, and outside labor to keep the 2017 sweeper running. The new replacement sweeper will initially reduce maintenance costs. The 2017 sweeper has been out of service 35% of the time within the last 12 months, and the replacement sweeper will reduce these downtimes. However, the 2017 sweeper is still operable and will be available as a backup. If awarded, the additional sweeper will ensure that Buckeye Public Works can continue to provide excellent service to the community by removing harmful debris from Buckeye's streets.

FUTURE ACTION:

Any additional street sweeper needs will come from Buckeye Public Work's general fund account unless additional grant funding opportunities become available, that the Grant team will pursue.

FINANCIAL IMPACT STATEMENT:

The Federal grant portion is \$438,111. There is a \$35,199 City match required for this Grant. The match and any additional cost will be covered by Public Works' existing budget.
