ACTION/MOTION: (This language identifies the formal motion to be made by the Council) Council to take action on the Professional Services Agreement (PSA) (Contract No. 32500036) between the City of Buckeye, and Arizona municipal corporation, and Dibble and Associates Consulting Engineers, Inc., an Arizona corporation, related to the design and civil engineering services for Capital Improvement Program (CIP) Project No. 108860 – South Watson Road - Elwood Street through Bentrige; and authorize the City Manager to execute and deliver said Agreement on behalf of the City of Buckeye.

SUMMARY

PROJECT DESCRIPTION:

The South Watson Road – Elwood Street through Bentrige project aims to advance the design and engineering for the widening of Watson Road, which currently exists as a two-lane roadway with interim improvements adjacent to the Bentrige Development. The proposed design will widen the corridor to three lanes in each direction, progressing toward the ultimate roadway cross section as feasible based on right-of-way availability and existing constraints. These improvements will enhance traffic capacity and align with the City's Roadway Master Plan. The project scope includes the expansion of the existing Buckeye Irrigation District (RID) bridge, full roadway widening, drainage improvements, and the annexation and acquisition of right-of-way necessary to support the proposed improvements.

Civil engineering and design services are necessary for this project. PSA (Contract No.32500036) will allow Dibble & Associates Consulting Engineers, Inc. to provide the associated services upon the issuance of a Notice to Proceed unless otherwise terminated in accordance with the terms of the Contract. The total amount to be paid under this Professional Services Agreement shall not exceed \$660,915.00.

BENEFITS:

This PSA will allow Dibble & Associates Consulting Engineers Inc., the necessary approval to begin civil engineering and design services aligning with the timeline of this project.

FUTURE ACTION:

Completion of delivery for the civil engineering and design services will assist in the overall construction for this Project.

FINANCIAL IMPACT STATEMENT:
