SUMMARY

PROJECT DESCRIPTION:

Amber Newbill, on behalf of Rigoberto Mendez, has requested a continuance to the December 16, 2025 Regular Council meeting of the public hearing and action on Ordinance No. 29-25 regarding a rezone, Case No. PLZZ-25-0008, of approximately 0.75 acres of land generally located at the southeast corner of South 5th Street and East Mahoney Avenue from Planned Residential (PR) to Downtown Residential (DR). A rezone changes the zoning district of a property to another zoning district. Once rezoned, the intent is to remodel the existing building as a childcare facility in accordance with the vision of the Historic Downtown Buckeye Activity Center. Additional information, including staff's analysis of the request, can be found in the attached staff report and exhibits.

This continuance is requested to allow for advance noticing of the public hearing in accordance with the requirements of the Buckeye Development Code.

BENEFITS:

The subject Rezone will lead to additional employment opportunities and childcare options within the City of Buckeye.

FUTURE ACTION:

It is anticipated that Planning and Zoning Commission will conduct a Public Hearing and issue a recommendation on this rezoning at its November 25, 2025, regular meeting, with City Council consideration of the approval of this rezoning to occur on December 16, 2025.

FINANCIAL IMPACT STATEMENT:

See Planning Items Financial Impact Statement

FINANCIAL IMPACT STATEMENT:

Although a fiscal impact analysis has not been conducted on this specific project, all new development will have an ongoing fiscal impact on the city. The development is responsible for construction of all infrastructure necessary to serve the site and will generate one-time revenue for the city such as permit fees, construction sales tax and development impact fees. Longer term fiscal impacts include increased demands for municipal services, the costs of which may or may not be offset by increased property values/tax levies, city sales tax, state shared revenues and the increased demand for commercial and retail development. Any areas that will be maintained by the city are constructed by the developer and

then conveyed to the city two years after construction.

Items related to a project or facility location must include an attached vicinity map for Council Review.
