GOALS AND OBJECTIVES FOR THE STRATEGIC PLAN FOCUS AREAS:

A Safe and Sustainable Quality of Life

SUMMARY

PROJECT DESCRIPTION:

Public Works needs one new PM-10 Certified Street Sweeper (Street Sweeper) to ensure Buckeye's streets are free of debris that may be harmful to the environment and humans. Public Works seeks to replace one of its current street sweepers that has reached the end of its useful life, as well as expand its current street sweeping service area, as more streets have been added to the City's portfolio. The new Street Sweeper will service arterial, collector, and residential roadways. The Grant request is for \$366,400 with a required City match of \$27,100. The total cost is \$393,500.

BENEFITS:

If awarded, the Grant will support Buckeye Public Works' Street Sweeping program by adding a new Street Sweeper to the current street sweepers in their fleet to replace an 8-year-old street sweeper. The new replacement Street Sweeper will initially reduce maintenance costs and out-of-service time. The 2018 sweeper has been out of service 16% of the time within the last 12 months and is currently out of service after it was run into by a semi-truck. If the Grant is awarded, the new Street Sweeper will ensure that Public Works can continue to provide excellent service to the community by removing harmful debris from Buckeye's streets.

FUTURE ACTION:

If awarded, the Grant Award Agreement will be presented to Council for any needed budget authority, as well as authority to accept and execute the same.

FINANCIAL IMPACT STATEMENT:

There is no fiscal impact associated with the Grant application. If awarded, the federal Grant portion is \$366,400. There is a \$27,100 match required for this Grant that would be need to be included in the FY2028 budget.
