SUMMARY

PROJECT DESCRIPTION:

2026 Record of Changes to the Buckeye Emergency Operations Plan:

1. City contacts updated for multiple departments and City Council.
2. Jackie E. Meck Water Campus added to list of facilities.
3. City demographics and graphs updated to reflect current population.
4. Charter school districts added.

The purpose of the 2026 Record of Changes to the Buckeye Emergency Operations Plan ("Plan") is to provide direction and guidance to City departments and supporting agencies. It constitutes a directive to City departments to prepare for and execute assigned emergency tasks to ensure maximum survivability of the populations and to minimize property damage in the event of a disaster. It is applicable to all elements of the City government and the private sector engaged in, or acting in support of emergency operations.

The Plan is effective for planning purposes and for execution when the Mayor makes an emergency declaration or when placed in effect by the City Manager or other authorized official.

BENEFITS:

Having an emergency operation plan in place will prepare City departments and staff to execute assigned emergency tasks and ensure maximum survivability of the population and will minimize property damage in the event of a disaster. This plan also ensures the city is in line with Maricopa County's emergency operations plan for maximum coordination between agencies.

FUTURE ACTION:

Review of the proposed 2028 Buckeye Emergency Operations Plan is scheduled to occur in 2027.
