ITEM TITLE: Discussion of Main Street Work Plan Review, Updates, and Task Assignments
--

1. EXECUTIVE SUMMARY

The Main Street Advisory Board will discuss and review the updated work plan, including newly added items, completed tasks, and committee assignments. The Board will have the opportunity to provide input, suggest refinements, and assist in assigning responsibilities to support effective implementation of the Main Street Program in Downtown Buda.

2. BACKGROUND/HISTORY

Main Street staff conducted a strategic planning session on March 11 to evaluate the existing work plan, resulting in the addition of new initiatives and the removal of completed or inactive items. The updated work plan reflects current priorities and aligns with the program's transformation strategies.

This revised work plan was presented to City Council on March 24 during the joint meeting between the Main Street Advisory Board and City Council. Ongoing review and Board involvement are essential to ensure the plan remains relevant, actionable, and aligned with community and downtown business needs.

3. ANALYSIS

This item provides an opportunity for the Advisory Board to review recent updates to the work plan, confirm priorities, and ensure tasks are appropriately assigned to Board committees. Discussion may include refining timelines, clarifying roles, and identifying any additional opportunities or gaps.

Board feedback and participation will help strengthen implementation efforts, improve coordination between committees and staff, and ensure continued progress toward the Main Street Program's strategic goals.
