ITEM TITLE: Adoption of a Resolution authorizing the submittal of an application to the 2028-2031 CAMPO Call for Projects for the East Main Street Expansion Project and authorizing the City Manager to execute documents related thereto (Assistant City Manager Wendy L. Smith)

1. EXECUTIVE SUMMARY

As part of the 2030 Comprehensive Plan, the City of Buda Transportation Mobility Master Plan recommends improving Main Street east from IH-35 to Firecracker Drive to provide additional travel lanes and create bicycle and pedestrian facilities to improve safety, promote active transportation and reduce congestion.

The Main Street East Expansion Project proposes the expansion of Main Street from a 3-lane collector to a 5-lane arterial and establishes much-needed multimodal facilities for the community east of IH-35 to access a growing commercial center along the corridor. Regionally, Main Street outside of the Buda City Limits will be extended as a 5-lane arterial east to Turnersville Road as a part of the Sunfield Municipal Utility District (MUD) development. The Main Street East Expansion Project will ensure that the transportation facilities within the City of Buda provide continuity of capacity to the Main Street connection with IH-35. The complete arterial will provide a regional benefit, improving access to IH-35 and SH 45 for commuters and local distribution businesses such as US Foods and Amazon and improved safety and travel times for school buses.

2. BACKGROUND/HISTORY

This project is M47 in the 2026-2030 CIP, and it is included in the Regional Transportation Plan.

3. ANALYSIS
