

Agenda Item Report

Legislative Board: City Council
Date: December 16, 2025
Contact: Wendy Smith
Agenda Item ID / Number: 2025-1104- / G.8

ITEM TITLE: Adoption of a Resolution supporting Great Spring Project and Hays County's joint submittal of an application to the CAMPO Call for Projects for the Priority Multi-Use Connectivity and Permeability Study (Assistant City Manager Wendy L. Smith)

1. EXECUTIVE SUMMARY

The GSP and Hays County have jointly developed a proposal to the Capitol Area Metropolitan Planning Organization (CAMPO) 2028-2031 Call for Projects for the Priority Multi-Use Connectivity and Permeability Study. The project area for the Study includes potential multi-use crossing structures that would connect to existing and planned active transportation connections in the City of Buda. Establishing these multi-use crossing structures will support implementation of the connectivity and conservation objectives that are expressed in a range of city planning initiatives.

2. BACKGROUND/HISTORY

Multi-use crossing structures are constructed trail features that allow trail users and migratory wildlife to avoid having to cross dangerous roads at grade. They are either overpasses (i.e. bridges) or underpasses (i.e. tunnels) that separate hikers/bikers and wildlife from traffic, and are often paired with supplementary elements like fencing, lighting, landscaping, and other design strategies to make them attractive for their intended users.
