

STAFF REPORT

Report To: Regional Transportation Commission **Meeting Date:** August 12, 2026

Staff Contact: Darren Schulz, Public Works Director

Agenda Title: For Possible Action – Discussion and possible action regarding a proposed Amendment No. 1 (“Amendment”) to Contract 26300261 (“Contract”) with Wood Rogers, Inc. (“Wood Rodgers”) for the Saliman School Zone Safety Project ("Project") located on Saliman Road between Sonoma Street and William Street, with the Amendment revising the scope of services for Wood Rodgers to complete lighting design and right-of-way exhibits and increasing the Contract amount by \$17,500 for a revised total not to exceed amount of \$115,750. (Casey Sylvester, Transportation/Traffic Engineer)

Agenda Action: Formal Action / Motion **Time Requested:** 5 minutes

Proposed Motion

I move to approve the Amendment, as presented.

Board's Strategic Goal

N/A

Previous Action

N/A

Background/Issues & Analysis

The Amendment is to fund the design of intersection and crosswalk lighting in front of Seeliger Elementary School. Previously, the project lighting was planned to be designed by NV Energy; however, site-specific challenges in front of Seeliger Elementary School mean that there will be a net savings by connecting this lighting to the existing power pedestal for school zone flashers instead of installing a new power service. The Amendment also includes the development right-of-way exhibits to be used in an agreement with the Carson City School District.

The Contract had an original not to exceed amount of \$98,250. This amount is less than \$100,000 and therefore did not require Regional Transportation Commission (“RTC”) approval in accordance with Carson City policies. RTC approval of the Amendment is required since it will increase the Contract by \$17,500 and exceed \$100,000.

The Amendment will be covered by local safety funds from the Regional Transportation Fund, Safety Improvement Project, P303517008. The construction of the Project is funded using federal Highway Safety Improvement Program funding totaling \$689,034 through an interlocal agreement with the Nevada Department of Transportation. An additional 36,265 in local match is required from the same

Safety Improvement project, P303517008.

In addition to the intersection and crosswalk lighting, the Project will install new radar feedback signs, raised medians, ADA improvements, and sidewalk widening, as budget allows, to improve safety and connectivity along Saliman Road between East William Street and Sonoma Street, adjacent to Carson High School, Fremont Elementary School, and Seeliger Elementary School. The 60% design review was held in May, and construction is anticipated to start in early 2027.

Applicable Statute, Code, Policy, Rule or Regulation

NRS 277A.270, NRS 625.530

Financial Information

Is there a fiscal impact? Yes

If yes, account name/number: Regional Transportation Fund, Capital Improvements account / 2503035-507010, Project # P303526006 - Saliman School Safety Project.

Is it currently budgeted? Yes

Explanation of Fiscal Impact: If approved, Regional Transportation fund, Capital Improvements account, 2503035-507010, Saliman School Safety Project # P303526006.with a current budgeted amount of \$777,564 will be reduced by \$17,500

Alternatives

Do not approve the Amendment and provide an alternative direction to staff.
