Background/Issues & Analysis

NRS 354.280 requires the Treasurer to keep a record of the source and amount of all receipts, apportionments to, payments from and balances in all funds and to submit to the Board of Supervisors each month a statement containing that information for the previous month. The Treasurer must report the balance in each county, state and special fund, together with a statement of all money on deposit, outstanding checks against that money and cash on hand. The monthly statement of the Treasurer is attached, containing a summary of all receipts, apportionments to, payments from and balances in all funds and separate accounts for the month of June 2026, as required by NRS 354.280. Detailed information is available at the Treasurer's Office or the Carson City Finance Department. It is important to note that there will always be timing differences with these balances. For example, while all departments submit deposits to the bank on a daily basis, there is usually a delay between when the reports are prepared and when they are entered into the system.
