"The Chanhassen City Council approves entering into a Maintenance Agreement with Riley Purgatory Bluff Creek Watershed District for the public storm water management infrastructure related to the 2024 City Pavement Rehabilitation Project # 24-01."	
Motion Type	Simple Majority Vote of members present
Strategic Priority	Asset Management

SUMMARY

Approval of a Maintenance Agreement with Riley Purgatory Bluff Creek Watershed District (RPBCWD) as part of the 2024 City Pavement Rehabilitation Project # 24-01. The city is constructing public storm water management infrastructure improvements as a part of the project. A signed Maintenance Agreement is required by the Watershed District as part of the permit.

BACKGROUND

The Maintenance Agreement acts to ensure that the public storm water management system(s) installed are properly inspected and maintained. The City of Chanhassen is required to maintain its own stormwater infrastructure as part of the MS4 permit requirements it has with the MPCA. The City of Chanhassen already has a program to maintain stormwater infrastructure throughout the city, and

therefore this agreement does not impact the city's standard operation procedures.
