SUMMARY

Annual restriping of city streets, including center lines, turn lines, and fog lines.

BACKGROUND

DISCUSSION

BUDGET

The Streets Division of the Public Works Department solicited quotes from contractors for the 2025 annual restriping program. Sir Lines-A-Lot came back with the lowest quote. They have successfully completed previous striping work for the city. In addition to the quoted work, the Streets Division is adding additional fog lines along certain city streets to address traffic speed issues, and therefore the

NTE contract is higher than the contractor quote.

RECOMMENDATION

Staff recommends awarding the 2025 striping contract to Sir Lines-A-Lot.
