SUGGESTED ACTION "The Chanhassen City Council Accepts the Minnesota Valley Operation Round Up Grant Award."	
Motion Type	Simple Majority Vote of members present
Strategic Priority	Financial Sustainability

SUMMARY

BACKGROUND

The fire department is excited to announce the launch of a new AED Library Program aimed at expanding public access to and use of Automated External Defibrillators (AEDs). To support this life-saving initiative, staff applied for funding through the Minnesota Valley Operation Round Up Grant Program.

This program allows Minnesota Valley Electric Cooperative customers to round up their monthly electric bills to the nearest dollar, with the collective contributions used to support community projects and initiatives.

In late August, staff were notified that the department's grant application was approved for funding, ensuring the successful launch of the AED Library Program.

DISCUSSION

BUDGET

The grant does not require a local match so there is not an initial financial commitment. Future budget impacts will include a $200 annual software operating license fee.

RECOMMENDATION

Accept a grant from the Minnesota Valley Operation Round Up program in the amount of $4,200.
