SUMMARY

This is a follow up to the City Council work session held on June 9, 2025. The topic was about commercial vehicle parking on Kerber Boulevard. The Council directed staff to come up with a plan and/or options, for managing commercial vehicle parking on a more city-wide basis, rather than a spot restriction for Kerber Boulevard.

BACKGROUND

A map showing current no parking areas is attached for reference.

Currently, per City Code Section 12-53, the length of time that parking is permitted on a street is limited to 48 hours, this would include any parking, not just commercial vehicles.

DISCUSSION

Staff will have a presentation prepared for the work session item.
