SUGGESTED ACTION

"The Chanhassen City Council adopts a resolution requesting from the Minnesota Department of Transportation that Galpin Boulevard, between West 78th Street and the northern municipal border, be, and hereby is established, located, and designated a Municipal State Aid Street of the City of Chanhassen, subject to the approval of the Commissioner of Transportation of the State of Minnesota."

Motion Type	Simple Majority Vote of members present
Strategic Priority	Asset Management

SUMMARY

Carver County has officially released County Road 117, and the city officially accepted the same as Galpin Boulevard back on 2/14/22; thereby transferring jurisdiction to the city. This was all part of the project plan and agreement in place between the county and city.

This resolution is a formality required by MnDOT to allow the roadway to be placed on the city's Municipal State Aid System (MSAS). MSA funding is planned to be used to help cover the city's costs of the project.

DISCUSSION

Staff is planning on providing Council an update presentation on the Galpin project sometime in the next couple of months.

Current project status:

- Consultant is moving into final design
- The next public open house is about to be scheduled, likely in April
- We're about to begin the easement acquisition process with impacted properties
- The next formal Council action will be authorization for bidding, which is estimated for May
- The project will be constructed across multiple years, beginning later this summer

As a reminder, the JPA with the County outlines that they are responsible for maintenance of the road until such time the project is completed. This includes pothole patching and snowplowing. A copy of the previously approved JPA and Turnback agreement is attached to this report for background.

BUDGET

RECOMMENDATION

Staff recommends adoption of the resolution.
