SUMMARY

As we hold the first City Council building in this new space, the centerpiece of our new Civic Campus, we observe a proud moment for Chanhassen.

Resident feedback told us that the old City Hall (built in 1981) no longer met the needs of our growing community. Today's opening is not just a replacement—it is a reimagining. This building represents our shared vision for the future and our commitment to serving residents better. The Civic Campus will invigorate downtown, provide gathering spaces, and encourage private investment.
