SUGGESTED ACTION Announce Proclamation recognizing National Public Works Week	
Motion Type	N/A
Strategic Priority	Operational Excellence

SUMMARY

National Public Works Week (NPWW), which is the week of May 17-23, 2026, is sponsored by the American Public Works Association (APWA) and celebrates the Public Works industry.

Various Departments/Divisions within the City included in this recognition include Fleet, Streets, Utilities, Parks, Facilities, and Engineering.

This year's motto is "Rooted in Service, Powered by Community."

Various members of City staff will be in attendance at the Council meeting for recognition.

We will also have an APWA-branded poster available at the Work Session for the City Council to write a few words if desired. The city frames and hangs the posters at the Public Works Building.
